

# Woodturning Classes by Frank DiDomizio

## April to December

I teach things that you simply cannot learn on YouTube. All classes offered are one-on-one and are held at Frank DiDomizio's studio in Selwyn Ontario, just outside of Peterborough. A full size lathe and all materials, turning tools, safety equipment, handout notes and lunches will be provided. Frank has been turning for over 22 years, being taught from woodturning guilds and international turners. Classes can be customized if desired.
