

Woodturning Classes by Frank DiDomizio

April to December

I teach things that you simply cannot learn on YouTube. All classes offered are one-on-one and are held at my studio in Selwyn Ontario, just outside of Peterborough. A full size lathe and all materials, turning tools, safety equipment and handout notes will be provided. I have been turning for over 22 years, being taught from woodturning guilds and international turners. Classes are normally one-on-one, but I can handle 2 students if desired. Classes can be customized if you wish to cover other techniques.

To register email me at frank.didomizio@gmail.com or call me at mobile number 705-760-4340.

Woodturning Fundamentals

1 day

Woodturning Fundamentals covers introduction to the lathe, turning tools, sharpening, basic spindle turning and basic bowl turning. This class is for beginners with little or no turning experience.

Intermediate Woodturning

2 or 3 day class

Intermediate Woodturning covers all of the introductory topics in more detail, spindle turning, vase turning, bowl turning and platter turning as time allows. Basic turning skills will be helpful for this class.

Introductory Bowl Turning

1 or 2 days

Introductory Bowl Turning covers introduction to the lathe, bowl turning tools, sharpening and basic bowl turning. It includes effective cutting, shear scraping, grain direction, mounting techniques and power sanding.

Intermediate Bowl and Platter

Turning – 2 days

Intermediate Bowl and Platter Turning covers all of the introductory topics in more detail, intermediate bowl turning, platter turning and simple embellishment. Basic turning skills will be helpful for this class.
